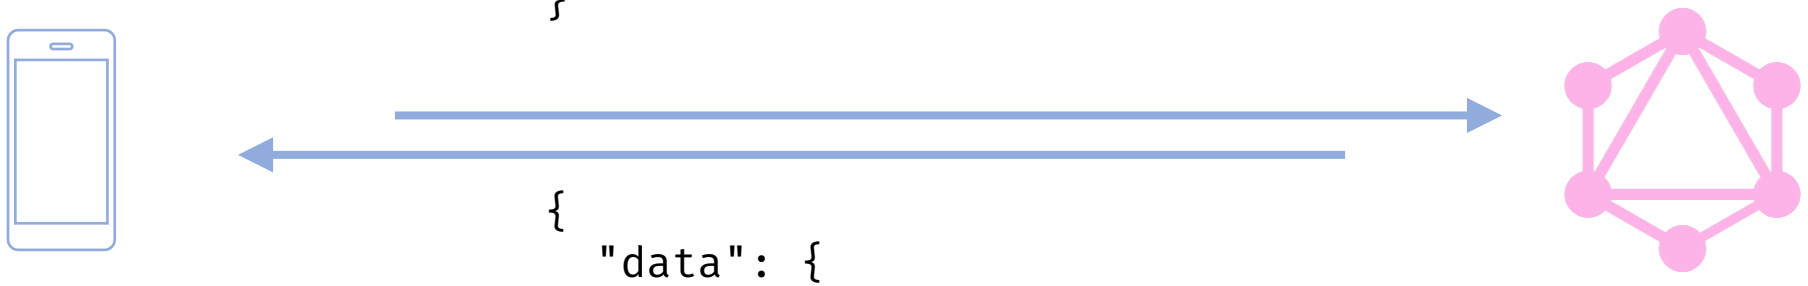
# Querying in GraphQL

```
{
    personById(id: 1234) {
        name,
        age
    }
}
```



```
{
  "data": {
    "personById": {
      "name": "Lysandro",
      "age": 25
    }
  }
}
```
